Hearing Committee Rooms and Tentative Chair Assignments

All committee chair assignments are tentative, because the outcome of each election for presiding officer (Speaker of the House, President Pro Tempore of the Farabee Senate, Speaker of the Hyde House and President Pro Tempore of the Hyde Senate) may make a planned committee chair unavailable to serve. This has also led to tentative preliminary assignments of more than one chairperson to some committees. Actual committee chair assignments will be completed late on Thursday night at the Legislative Hearing Committee Team and Legislative Staff Meeting. All hearing committee teams (both chairs and clerks) must be on time and in attendance at that meeting to insure that they secure a committee assignment.
